

HARVIA CILINDRO PRO

HPCE165400

The Cilindro Pro electric heater gives off hearty steam in a family sauna, but the superior features of the heater are especially beneficial to commercial saunas, hotels and housing companies, for example. The impressive tall pillar heater contains a massive amount of stones, and the robust heat elements are designed to withstand long operating times. This guarantees plenty of hearty steam for large groups of bathers.

Advantages

- Particularly suitable for commercial saunas, hotels and housing companies
- Contains massive amount of stones that provides soft yet strong heat
- Heavy-duty heating elements are designed to withstand long operating times
- Fits into various types of sauna interiors and installations
- Requires a separate control unit (sold individually)

Features

Main material : Steel

H x W x D : 1300.0 x 450.0 x 450.0 mm

Net weight (kg) : 25.9

Installation location : Floor

Technical details

Technical data	Type / attribute	HPCE165400
	Color	Stainless Steel
	Power output	20 kW
	Stone amount (kg)	220
Dimensions	Product width	450
	Product height	1300
	Product depth (mm)	450
	Net weight (kg)	25.9
	Gross weight	31.8
	Package width	475
	Package height	1350
	Package depth	475
Safety and installation dimensions	Safety distance front (non-combustible materials)	100
	Safety distance front (combustible materials)	100
	Safety distance right side (combustible materials)	100
	Safety distance right side non-combustible materials	100
	Safety distance left side (combustible materials)	100
	Safety distance left side non-combustible materials	100
	Safety distance side (non-combustible materials)	100
	safety distance to the side wall (combustible materials)	100
	Safety distance behind (non-combustible materials)	100
	Safety distance behind (combustible materials)	100
	Safety distance (Ceiling)	750
	Room min. height(depends on connections and therefore from output, star/delta)	2100
	Installation opening height	2100
	Installation opening width	650
Installation opening depth	650
